Man Captured Here Escapes Woodland Jail

Trio Flees Yolo Bars After Sawing Way Out of Cell

Walter Thomas, 22, captured by Undersheriff Lawrence Nieri September 21 at San Carlos for Yolo and Sacramento county authorities to face robbery and attempted murder charges, according to Nieri, escaped from the Yolo county jail at Woodland during the night, it was reported today.

Escaping with Thomas were Thomas J. Bandy, 35, reported by United Press dispatches from Woodland as a two-time loser, and Adn Walter, 23, held for an automobile theft charge.

The three men were inmates of the felon tank at the Woodland jail and secured their freedom by forcing the vault with a metal slat taken from one of the cots. They then sawed their way out of the outer bars.

Thomas, reported to be the son of a former Palo Alto judge, attempted to pull a gun on Nieri when he sought to arrest him here September 21, Nieri said.

The suspect had arrived by train shortly before in San Carlos at the time of the former arrest.

Thomas was traced by a tip given by a woman in Sacramento giving the name of Dorothy Brunette, who was arrested this week in company with Bernard Seltz, long sought in connection with the murder of a Santa Rosa special policeman last year. Thomas, however, is said to have had no connection with this.

The youth formerly lived at Cooley's airport at San Carlos, but had moved to the old exposition building. He was engaged in the trucking business.

Thomas or his companions.

Relief Charges In County Drop

926 Are Taken From Rolls in 60-Day Period

Capt. L. G. McAloney, director of San Mateo county relief, today informed the board of supervisors that the relief load has been cut 926 cases during the months of July and August. The removals were the result of the "professional touch" in relief activities and are proof of the value of trained workers, McAloney's report said.

Cost of the relief during those two months was cut $32,410, he said.

Four relief districts have been created. The Redwood City district has 531 case loads, the South San Francisco district, 300; the coastside, 125, and the San Mateo district, 517.

S. F. Salesman Held As Drunken Driver

M. J. Rush, 38, San Francisco salesman, was accused today by State Officer Walter Sequeira of driving while allegedly intoxicated. Rush was cited at Ninth avenue and Bayshore. He was booked at the county jail.

Hatfield Defines Issue

Charging that "Upton Sinclair's campaign is a campaign of class hatred, definitely trending toward revolution," George J. Hatfield, progressive Republican nominee for lieutenant-governor, in a state-wide radio broadcast last night, defined the issue at California's forthcoming general election as "a clear-cut decision between Americanism and Communism."

Hitting straight from the shoulder, Hatfield, former United States attorney for Northern California, listed the Communistic affiliations of Sinclair and told his radio audience that "A vote for Sinclair and his associates on the Socialistic-Communistic-Democratic ticket is a vote to Russianize California state government."

"If you have any doubt of the Communistic leanings of Upton Sinclair," said Hatfield, "it is only necessary that I should quote the record. And I will quote, in this instance, a record substantiated by Upton Sinclair himself.

"The 'Who's Who' of the radical movement, entitled 'The Red Net Work,' states in bold print that Upton Sinclair, the man who has usurped control of the Democratic party in California, is a member of the International Advisory Board of Moscow's Communistic International Literature. It asserts, further, that he is a National Committee Member of the Communistic Labor Defense; a member of the Sacco-Vanzetti Communist League; that he has been a Socialist candirate for major offices in both New Jersey and California; that he is a contributor to the Communist publication, 'Masses'; an officer of the Communist Commonwealth College, and a member of the Free Thinkers Ingersoll Club."

Hatfie'd warned that the Sinclair "dream of Utopia would plunge us from distress into chaos," declaring that the colossal land colonization scheme proposed to care for the unemployed would "drive our permanent farm population into bankruptcy and aggravate the problem of unemployment, instead of relieving it."

Two men were killed and several persons were severely injured in a series of Redwood City and peninsula automobile accidents over the Sunday week-end. The dead:

Jack Watson, 46, of 318 Austin street, San Francisco, an automobile mechanic.

Charles Baker, 65, of 323 San Mateo avenue, Daly City.

Watson, according to the San Mateo county traffic bureau, was killed while assisting a motorist at Bayshore boulevard and Middlefield road, Redwood City, at 9 p. m. Sunday.

The car which struck Watson did not stop, Officers Jack Lee and Louis Rinkel of the State patrol reported.

Baker, according to reports, was injured fatally Sunday night when he was struck by the automobile of John Christian, 35, mail carrier, of 158 Santa Barbara avenue, Daly City.

Skull Is Fractured

Albert Navarro, 34, of Brisbane, suffered a possible fracture of the skull, contusion of both knees, lacerations of the head, and other injuries early today when struck on the Bayshore highway north of Brisbane by a truck.

Tsuchio Murakami, Box 46, Moss Beach, was driver of the truck, Officer Otto Schramm of the state patrol reported.

Woman Is Injured

Miss Mabel E. Jones, 57, 31 Highland avenue, San Mateo, suffered a possible fracture of the skull, internal injuries and severe cuts and bruises when struck by an automobile at Highland and Bayswater avenues, Burlingame, yesterday.

Henry O. Bysheim, 17 Clarendon road, Burlingame, was driving the car, police said.

Two machines, colliding on El Camino Real in San Mateo, caused injuries to John McKay, driver, 1757 Ninth avenue, San Francisco; his wife, Mary, and Mrs. Rena Booth, 21, 316 Naylor street, San Francisco, drvier of the other car.

Office Building Vote Is Called

Election Takes Place November 6; Issue For $112,000

The board of supervisors today set a bond issue vote of $112,000 for construction of a county office building at Marshall street and Middlefield road.

The election was consolidated with the general election and will be held November 6. Space in the county office building is held essential to do away with the paying of rents by offices now outside the courthouse.

Public works funds will be secured to pay one-third the cost of the project. The PWA approval has already been secured.

Burlingame Motorist Held After Collision

Henry W. Roscoe, San Francisco advertising man, was cited in San Mateo last night on a charge of driving while allegedly intoxicated after his 3-year-old daughter, Betty, had been cut and bruised in a triple collision. He was later released on $50 cash bail.

Roscoe is alleged to have driven into the stopped car of James Cunningham of 3972 Twenty - sixth street, San Francisco, which in turn struck that of O. H. Davison, 1040 Cortex avenue, Burlingame. Cunningham preferred the charge against Roscoe, who lives at 124 Los Montes drive, Burlingame. The child was treated at Mills Memorial Hospital.

In the primary, Beer fell short less than 600 votes of being elected at that time. Today his supporters expressed confidence that he will poll a record vote in November to win the supervisorial seat of the Second Township.

CHICAGO TRAFFIC EXPERT FINDS BAY BRIDGE PLANS IGNORE COUNTY'S NEEDS

By WILLIAM VIELHAUER

Complete tie-in of the traction facilities feeding into and out of San Francisco so that commuters may be speeded from any of the peninsula cities to San Francisco or across the bay bridges to Oakland or Marin county without necessity of changing cars is the task set today before Col. Bion J. Arnold, eminent Chicago transit authority.

This plan, which far exceeds anything yet presented in discussions of the bay bridge problems, was revealed by Colonel Arnold Tuesday night at a dinner meeting in the Hotel Benj. Franklin at San Mateo.

Several hundred prominent civic leaders of the San Francisco peninsula greeted Colonel Arnold.

He arrived by airplane late Monday to undertake a 10-day study of peninsula traffic needs at the request of San Mateo county.

Arnold told his audience that the principle of a unified traction system is fundamental as proven by the experiences of Chicago and New York, but whether or not it is applicable in the present San Francisco problem will not be determinative until he has gone into the question more thoroughly.

What his final report will say, Arnold, of course, was not in a position to predict.

"All sorts of plans are dancing before me," Arnold said, following his examination of various proposals which he had looked over in his first day on the job.

But one thing was certain, he said, and that is the definite indication that the peninsula has been completely left out of the picture as far as present bay bridge plans are concerned.

"The plans have not been considered far enough to get this section into the picture," he said.

Arnold declared the plan to abandon the shuttle service over the bay bridge between San Francisco and Oakland, requiring transfers from the East Bay or San Francisco lines to the bridge trains, was a sound idea.

The engineering expert now proposes that this same transferless principle be worked out affecting trains coming to or from the peninsula to the bay bridge terminal.

One-Stop Loop Hit

Arnold also criticised the one-stop terminal plan for dumping all bridge traffic near the Embarcadero. The visiting engineer mentioned four or five, or at least two or three, stops as essential to efficiently disgorge the East Bay traffic.

This, it is expected, will result in his recommendation that San Francisco should have an uptown terminal reached either by a Market street subway or a Minna street elevated.

The peninsula's problem then will be to tie-in its trains with that terminal, eliminating the antequated Third and Townsend street depot of the Southern Pacific by building a high speed line into the Eighth and Market street region.

Electrification Probable

Electrification of the peninsula lines of the Southern Pacific or use by that road of zephyr-type, Diesel-engined trains is expected to follow in the natural course of the development.

Arnold, it was apparent from his talk, believes in putting the peninsula, the East Bay and the Marin shores on the same competitive basis, giving them all high speed traction service, and allowing them to develop according to their natural advantages or community aggressiveness.

The speaker was introduced by Hugh Pomeroy, advisor to the planning commissions of San Mateo and Santa Clara counties. Arnold was described by Pomeroy as a "dominant figure in the engineering field." Pomeroy said he had been consulted by virtually every important city in solving traction problems.

Conceived Twin Peaks Bore

Dr. B. M. Rastall, national known traffic expert, who was called upon for a few remarks, outlined three possible plans to handle the San Francisco traffic situation. He emphasized that it would do little good to gain rapid access to San Francisco if two or three times as much time were wasted in getting into the heart of the commercial life of the metropolis.

Elmore B. Hinman, San Mateo county clerk and chairman of the Peninsula Rapid Transit Committee, said the purpose of securing rapid transit was not only to secure new population for the San Francisco peninsula but to safeguard and preserve that which it now possesses.

Dr. C. V. Thompson, chairman of the San Mateo County Board of Supervisors, presided at the gathering. William H. Taylor, prominent member of the transit committee, acted as toast master.

Among those in attendance from this vicinity were County Engineer James S. James, Supervisor John W. Poole, City Councilman Paul McCarthy, City Manager Ernest Rolison, County Assessor Daniel P. Flynn, County Recorder T. C. Rice; L. C. Macabee, deputy county engineer; Ronald Campbell, planning technician; Henry Witte, J. E. Morrish, William J. Dusel, John Gill, Clifton Woodhams, Sam H. Winklebleck, Gilbert Ferrell, Fred Comba, Mayor Asa Hull, San Carlos; Councilman Irving Dunn, Menlo Park; Thomas G. Packham, Atherton city clerk, and others.

Redwood City 30 Years Ago

Will Byrne was in town Thursday, having returned from the World's Fair at St. Louis Tuesday. He had an enjoyable trip but was glad to return to California.

One of the largest deer ever seen in this locality has been on exhibition at Hind & Langley's butcher shop this week. Dressed, the animal weighed 132 pounds, which is extra weight for a deer. Bob Chatgan brought it to town and he was one of a party of hunters who brought it to earth while out near Pescadero.

The members of the Arkers' Roost Club will transport their ark from its present moorings at the Tacoma Mill Company's yard to a point near the bay from which they can hunt during the coming season with advantage. The members are captain, Al Lowe; first mate, William Williamson; second mate, Ted Elvin; quartermaster, E. Winn; paymaster, George Stafford; ship carpenter, Fred Elvin.

C. D. Hayward, P. P. Chamberlain and D. J. Mills leave next Tuesday on a fishing drip to Eel river, Humbolt county, to be gone two weeks.

Canada's poultry population is said to be six times greater than its human population.

Health and Happiness for YOU

The average person spends a great portion of his life working and slaving for one motive and that is usually "WEALTH." Few of us stop to realize that many times we break down our health and yet without health nothing can make us happy. Upon your health depends the whole joy of living. There are many wealthy people and great people who are living in agony because they did not take cars of themselves.

If you have been feeling below the average or have been easily fatigued and nervous you should consult us immediately. Or if you are suffering from some specific disease which has been bothering you, come to us at once.

THE REASON MOST AILMENTS BECOME INCURABLE IS BECAUSE THE PERSON LETS THEM GO TOO LONG BEFORE ADMINISTERING AID.

The theory of Chinese medicine of which we are one of the oldest and best known agencies in the West is simply this:

A substance which can be used for food is suitable for use as a medicine; and a substance which is poisonous or otherwise injurious as a food is not only useless as a medicine, but actually harmful.

Chinese herbs are natural roots, barks, herbs, berries and other substances that nature provided for this very use. They are served as a harmless, healthful tea and are not unpleasant to take.

There are hundreds of people in Redwood City and through out the state who have visited our offices and secured relief that they never thought possible before.

Whatever you are suffering from—liver, kidneys, stomach or blood troubles, or whether you are affected with catarrh, cough, asthma, bronchitis, headaches, neuralgia, dizziness, rheumatism, sorethroat, skin disorders or female trouble—come to us. We also prove to you the superior effectiveness of the Chinese herbs. Don't think we can be of no service to you just because others could do you no good. Such cases are exactly what we are after.
